To: Williams County Planning and Zoning

Re: Lindahl Wind Farm

Dear Sirs/Madams,

The Tioga City Commission met on two separate occasions regarding your requested recommendation on the Lindahl Wind Farm. The Commission heard input from the citizens as well as from Brice Barton regarding this issue. We've heard arguments both for and against the wind farm, and have reviewed the issue in depth. After much deliberation and discussion the City of Tioga has decided that based on all the information, and research Tioga City Commission believes that the negative aspects of the Lindahl Wind Project outweigh the positive for the citizens of Tioga. We understand it is not within our jurisdiction nor is it our ultimate decision to approve or deny the project; however our recommendation to Williams County is that the Lindahl Wind Farm is not in the best interest of the citizens of Tioga, and the Tioga City Commission is opposed to it.

If there are any questions or concerns regarding this notification, please feel free to contact me at 701-339-7303.

Respectfully,

Drake McClelland, Commission President
