RE: Lindahl Wind Project, LLC and Township R/W Permitting

Dear Mr. Larson,

In regards to your letter dated April 21, 2016, I've received and reviewed the proposed work associated with new driveways, subsurface utility installations, transmission line, intersection modifications and crane crossings as it relates to county right-of-way use and hereby authorize said work to proceed. However, if the proposed locations shown in the submitted plans should change more than 200 feet or additional work is proposed, the project shall re-engage this department for approval as agreed to in the Road Maintenance Agreement executed on April 21, 2016.

If you need additional information, please do not hesitate to contact me.

Sincerely,

Jerol Gohrick
Township Supervisor

Re: Lindahl Wind Project, LLC and Township R/W Permitting

Dear Mr. Gohrick,

Per our discussion regarding Lindahl Township's permitting for Right-of-Way use and the requirements of the Road Maintenance Agreement (RMA), I'm providing you the locations for all new driveways, subsurface utility installations, transmission line, intersection modifications and crane crossings to you for approval.

The detail of the work and locations are captured in the construction drawings with revision "B" dated 04/07/16 (described generally as "CIVIL CONSTRUCTION PLANS"). I'm also providing a list of where the locations are along with this letter. The work proposed is consistent with the intent of that indicated in Exhibit B of the RMA, to include the roads proposed for use during heavy-haul deliveries.

I trust you'll find that this meets the project's obligation to consult and seek approval on matters related to this type of activity/facility. We look forward to your response.

Sincerely,
