Jeremy,

We have no problem with OTP serving Dan Drovda's cabin south of Cottonwood Lake. You are much closer than we are and we have no objections in this case. I do ask that we get a copy of the Certificate of Public Convenience and Necessity and request that it be defined as "a single metering point for a residential structure south of Cottonwood Lake in the NW ¼ of Section 28" rather than a blanket 160 acre parcel.

Congratulations Jeremy on your new job at OTP as Area Manager and thanks again for the recent Velva office visit. Bruce
