Re: Case No. PU-15-635

Commissioners,

McLean Electric Cooperative formally objects to the application to serve Loren & Tammy Delzer in McLean County, ND. This objection is based on the issue of public convenience and necessity. The location is the SW1/4 of the SW1/4 of Section 10, Twp. 150N, R 83W in McLean County, ND. This location is in McLean Electric territory.

This location is not in the MAX city limits and therefor it is a rural location. McLean Electric does have a power line in close proximity to the service location. McLean Electric would like the opportunity to provide testimony on this matter in order to show we can cost effectively serve this load. A map of the project location is attached for your convenience.

Respectfully Submitted,

Martin D. Dahl  
CEO/ General Manager  
McLean Electric Cooperative
