

October 27, 2015

Mr. Darrell Nitschke  
North Dakota Public Service Commission  
State of North Dakota  
600 East Boulevard, Dept. 408  
Bismarck, ND 58505-0480

Re: Case Number PU-15-687

Mr. Nitschke,

I received a letter from attorney Todd Vollmers approximately August 20, 2015 that explained costs associated with a power cable that was cut by our cable placement crew (See copy of enclosed letter).

In talking with my brother, Andy Ripley, who is our crew superintendent for this project, he explained that Nodak Electric Cooperative, Inc. had mislocated the power cable by approximately two hundred feet (200'). He had his crew hand trench four feet deep for five feet on each side of the marked area and assumed that the existing power cable had been installed by directional boring since the ditch area was quite steep. The new fiber cable was placed in the bottom of the hand trenched ditch and then their cable plowing operation continued.

A local farmer told Andy that he had lost his electricity and that a power cable must have been cut. Nodak Electric was notified immediately. Our crew worked along with Nodak Electric employees to locate the cut cable, dug a splicing repair pit, and restored the area after repairs were made.

Our crew did plow an access cable to the Mosolf residence at 15840 County Road 3, Drayton, North Dakota. All locates had been made by the existing utilities. Our crew was responsible to locate any of the homeowners' private utilities, which they did adequately before the new fiber optic cable was installed.

I did receive a telephone call from Attorney Todd Vollmers requesting compensation for his aunt, Mrs. Marvin Mosolf. I declined since Nodak Electric had missed locating their power cable. In my opinion, they would not have agreed to settle this claim if they didn't agree that this was their responsibility.

I have enclosed copies of all locates associated with the work area where the power cable was cut and the locates required for 15840 County Road 3.

In my opinion, safe standard operating procedures were used by our crew members when crossing all existing utilities on this project.

Sincerely,

A handwritten signature in cursive script that reads "Dave Ripley".

Dave Ripley  
President  
Ripley's, Inc.

**Re: Mrs. Marvin Mosolf  
15840 County Road 3  
Drayton, North Dakota 58225**

Dear Sir/Madam:

Our firm has been retained to represent Mrs. Marvin Mosolf with respect to extensive damage to her home from the June 3, 2015 severing of the power line and consequent flooding from the failure of the electric sump and septic system pumps at the above-referenced address. Based on information and belief, employees of and/ or the entities above were involved in work performed which cut the power line, directly resulting in the substantial amount of damage to Mrs. Mosolf's home.

Mrs. Mosolf incurred the following expenses as a direct result of your negligence:

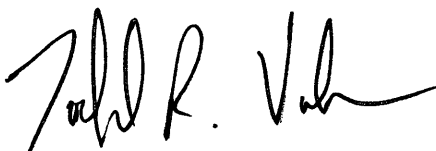

Supplies and labor in checking the sump pump	\$135.00
Basement cleaning & restoration	\$1,521.15
Carpet & floor covering replacement	\$12,262.35
Steam cleaning	\$165.00
TOTAL:	<hr/> <u>\$14,083.50</u>

In addition, the difficulty in attempting to mitigate and repair the damage caused by the negligent severing of the power line was compounded as Mrs. Mosolf was forced to move both herself and her terminally ill husband out of the home due to such damage and arrange for necessary repairs, while also providing end-of-life care for her husband who died on June 26, 2015.

My client will resolve this matter for the full amount needed to repair the damage caused, \$14,083.50 - \$5,000 (received from insurance) + \$5,000 for the time and miscellaneous other expenses required for Mrs. Mosolf to deal with the damage and repairs to her home.

Please contact me by no later than September 4, 2015 if you intend to accept this offer. If you are not interested in settlement, my client and I will proceed with all legal remedies as necessary. If you are represented by an attorney, please forward this correspondence to him/her for review and advise me as to their name and firm affiliation.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Todd R. Vollmers". The signature is fluid and cursive, with the first name "Todd" and last name "Vollmers" clearly distinguishable.

Todd R. Vollmers, Esq.
