Dear Melinda:

We have reviewed the 15-1414d documentation: "Brady I Wind Energy Center Tribal Construction Monitoring-July 19, 2016" by Melinda McCarthy, AECOM, September 2016, and find it acceptable.

Second, we also have reviewed the documentation for 32SKX463 and concur that it is not significant and it is not eligible for listing in the National Register of Historic Places.

Lastly, we concur with "No Significant Sites Affected" determination for the Turbine 71 project area treated in the aforementioned document.

Thank you for the opportunity to review this project. Please include the ND SHPO reference number listed above in any further correspondence for this specific project.
