Northwood Equity elevator requests a permanent variance for ND Rule: 69-10-02-26 requiring a three foot clearance for a hopper scale. One corner of the scale has a one foot clearance, but it can be tested and passed inspection.

The reason for this request is because it is in an existing building, and the hopper scale can't be moved.

Scale manufacturer and type: Waconia

Indicator: Survivor 420-E 1A

Capacity: 20,000 x 10 lb
