**Subject:** Tesoro High Plains Pipeline

Erika,

We received your conditional use permit application on behalf of Tesoro High Plains Pipeline. We are notifying you to let you know that Hawkeye Township does not have a joint powers agreement with McKenzie County, and therefore, they have zoning jurisdiction for the pipeline that is being placed within their township. If the pipeline stays within the Hawkeye township (as the application implies), then no approvals need to be obtained from McKenzie County.

Please let me know what you would like us to do with the application? We are more than happy to mail it or place it up front for you to pick up.

Best Regards,

**Jennifer Shelden**

McKenzie County
