Re: Proposed Tesoro Pipeline

Dear Mr. Nelson:

Tesoro High Plains Pipeline Company is proposing to construct a 12-inch crude oil pipeline connecting the Targa Antelope Facility to Tesoro's main trunk line. The proposed lateral will run east to west and is approximately 100 feet north of the intersection of Highway 1806 and 40<sup>th</sup> Street NW, located in Township 152 North, Range 95 West, Section(s) 7, 8 and 17 all in McKenzie County, North Dakota.

An application for a Conditional Use Permit was sent to the McKenzie County Planning and Zoning Commission (P&Z) for their consideration at the January 11<sup>th</sup> meeting. P&Z declined to act on the application, informing Tesoro that due to lack of a Joint Powers Agreement between Hawkeye Township with McKenzie County, approval must come from Hawkeye Township.

As the designated representative for Hawkeye Township, we are seeking your approval for the construction and installation of the Targa Antelope Lateral. This letter will serve as notice for the above mentioned lateral located in Sections 7, 8, and 17 in McKenzie County, North Dakota.

Enclosed is a vicinity map and return letter for your convenience in providing comments, concerns and approval.

If further information is desired regarding the proposed project, please contact me at [erika.white@kljeng.com](mailto:erika.white@kljeng.com) or 701.250.5931

Sincerely,

KLJ

I approve the proposed pipeline lateral. <sup>PN</sup>

I have the following comments:

Hawkeye Township approves pipeline lateral  
as long as McKenzie County Pipeline  
guidelines are followed

Signed: Donald Nelson
