Completion Preconstruction Phone Conference Inspection:

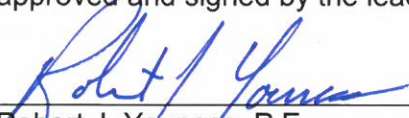

In accordance with the executed contract dated April 20, 2016 - Ulteig attend the preconstruction on June 15, 2016. Introductions were made. Tom Johnson, Ulteig will be the field inspector for the NDPSC. The first step in the construction inspection services will be for Mr. Johnson to complete a preconstruction top soil inspection of the pipeline route.

The formal notice of "Start of Construction" date is on or about July 11, 2016. The construction was scheduled to begin August 10, 2016. Mr. Johnson responsibility includes the confirmation that the top soil is properly stock piled and replaced as surface material during the completion of construction.
