Request To:

Operate a truck scale that deviates from North Dakota Weights and Measures rules as follows:

- 1) Less reinforced concrete (8") between the scale deck and the inside of the doorsill than the required five feet at both ends of the scale [N.D. Admin. Code § 69-10-02-09].

Variance Permit Conditions:

- The scale must be retested and adjusted once every twelve months by a registered service company to maintain the required tolerance.
- The twelve-month test reports must be submitted to the Commission within seven working days of the test date and a copy retained by Dakota Dry Bean, Inc.
- The service company test reports must include both the "as found" and "as left" readings in addition to any maintenance notes.
- Except for the specific variance granted by Permit No. 505, the scale must be operated according to all applicable North Dakota Laws and Rules.
- Enclosed is the Permanent Variance Permit that must be posted near the scale referenced by the Permit in a place clearly visible to the public.
- Failure to comply with the variance permit conditions may result in revocation.
