Bismarck, North Dakota 58505-0480

RE: Case Number PU-15-781

Dear Darrell:

We received a letter from Victor Schock concerning a ND One-Call complaint against us dated December 7, 2015. Below is our account of the event. The applicable ticket numbers are 15192490 & 15192508.

After submitting our locate request our surveyor began his fieldwork. Before we had completed our field work we were notified by our client that a landowner along the route had asked us to remove the pin flags. At that time we asked our field personnel to remove the pin flags along the proposed pipeline route and in doing so I was under the impression all pin flags had been removed.

To remedy the situation we will send additional personnel to Section 30 & 31 to again walk the route and remove any pin flags visible. We have given our staff time off for the Holidays so we will make every effort to revisit the site the first week of January 2016. It is our intention to satisfy the landowners request and we apologize for the inconvenience this has caused.

If you have any questions or require additional information for your review, please do not hesitate to contact me. I look forward to hearing from you.

Sincerely,
Territorial-Landworks, Inc.

Zane R. Johnson
Head of Oil & Gas Division

Enclosures: ND One-Call Tickets 15192490 & 15192508

NORTH DAKOTA ONE-CALL

You can check that the ticket information and mapping location are correct, and that no work will take place outside the area indicated on the map, by clicking on the TicketLINK. Should any changes be needed, you can use the 'Update' or 'Correct' Ticket functions on ITIC.

The map is ONLY used to determine which facility operators may have facilities in your dig area. The Utilities do NOT receive a copy of this map. The precise excavation area and scope of work MUST be described in the extent of work field on the ticket.

The TicketLINK may also be used to view utility status, request a 'Relocate' or 'Cancel' a request. If you have any questions, call 563-884-7762.
