Re: Case No. PU-15-797  
Brady Wind, LLC  
230 kV Transmission Line – Stark County  
Siting Application

The Commission's June 16, 2016, Findings of Fact, Conclusions of Law and Order issued Certificate of Corridor Compatibility No. 188 and Route Permit No. 200 to Brady Wind, LLC for the location of 19 miles of 230 kV electric transmission line in Stark County, North Dakota.

At its regular meeting on September 22, 2021, the Commission adopted an Order on Tree and Shrub Mitigation Specifications in Case No. PU-15-797. The Order amends the Commission's June 16, 2016, Order in Case No. PU-15-797 by replacing the Tree and Shrub Mitigation Specifications with an updated version of the Specifications. A copy of the Commission Motion, and Order on Tree and Shrub Mitigation Specifications is enclosed.

In its July 14, 2021, letter, Brady Wind states that it will plant twelve additional replacement trees in 2021 or, at the latest, spring of 2022. At the end of its tree and shrub mitigation, Brady Wind will need to file a report with the Commission in accordance with paragraph 5 of the enclosed Tree and Shrub Mitigation Specifications.

Best Regards,

Patrick Fahn  
Director, Public Utilities Division
