**Re: Case No. PU-15-801, ONEOK Bakken Pipeline, L.L.C.
8-Inch NGL Pipeline – McKenzie and Dunn Counties**

The North Dakota Public Service Commission retained Wenck Associates, Inc. as a third-party vendor to provide construction inspection services in the above-referenced case. A copy of the Reclamation Inspection Report filed by Wenck as well as the Commission's Order in this proceeding is accessible through the Commission's website at the following links:

As discussed in the Reclamation Inspection Report, there are areas that need further monitoring to ensure that the grasses take hold and weed growth is eliminated or, at least minimized. Please review picture numbers 3, 6, 7, 8, 9, 12, 14, and 16. Please provide updated pictures of these areas in late August or early September of 2018 in order to ensure that issues have been corrected.
