VIA OVERNIGHT MAIL

June 30, 2016

Mr. Darrell Nitschke
Executive Secretary
North Dakota Public Service Commission
600 East Boulevard Avenue, Twelfth Floor
Bismarck, ND 58505-0480

RE: Federal Communications Commission's 2016 ETC Annual Report

Pursuant to Sections 54.313 and 54.422 of the Federal Communications Commission's Rules (47 C.F.R. §§ 54.313, 54.422), attached please find an original copy of the ETC Annual Report (FCC Form 481) that was filed with USAC and the FCC. The attached is submitted by JSI on behalf of Reservation Telephone Cooperative. An electronic copy of the redacted version has also been submitted.

Please note that some of the information included in the completed FCC Form 481 Report is confidential and proprietary. Confidential information has been placed in an envelope marked "PROTECTED INFORMATION – PRIVATE" and sealed.

Along with this filing you will find enclosed a copy of this transmittal letter marked "File Stamp Copy" to be stamped and returned to JSI as confirmation that the hard copies of this filing have been received by the Commission as well. Please return the stamped copy of this transmittal letter in the envelope provided for this purpose.

Please contact the undersigned if you have any questions.

Sincerely,

Cassandra Heyne, Consultant
Authorized Representative for
Reservation Telephone Cooperative

<110> Has your company received its ETC certification from the FCC?
 If your answer to Line <110> is yes, do you have an existing §54.202(a) "5
 year plan" filed with the FCC? (yes / no) (yes / no)

If your answer to Line <111> is yes, please file a progress report, on line
 <112> delineating the status of your company's existing § 54.202(a) "5 year
 plan" on file with the FCC, as it relates to your provision of voice telephony
 service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years,
 your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a
 CETC which only receives frozen support, your progress report is only
 required to address voice telephony service.

Select the appropriate responses below (Yes, No, Not Applicable) to note compliance as a recipient of Incremental High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e). The information reported on this form and in the documents attached below is accurate.

Incremental Connect America Phase I reporting

<2010> 2nd Year Certification 47 CFR § 54.313(b)(1)(i) - Note that for the July 1

2016 certification, this applies to Round 2 recipients of Incremental Support

<2011> 3rd Year Certification 47 CFR § 54.313(b)(1)(ii) - Note that for the July 1

2016 certification, this applies to Round 1 recipients of Incremental Support

<2022> Recipient certifies, representing year two after filing a notice of acceptance of funding pursuant to 54.312(c), that the locations in question are not receiving support under the Broadband Initiatives Program or the Broadband Technology Opportunities Program for projects that will provide broadband with speeds of at least 4 Mbps/1Mbps - 54.313(b)(2)(i). Round 2 recipients only.

<2023> The attachment on line 2024 includes a statement of the total amount of capital funding expended in the previous year in meeting Connect America Phase I deployment obligations, accompanied by a list of census blocks indicating where funding was spent. This covers year two - 54.313(b)(2)(ii). Round 2 recipients only.

<2024A> Round 2 Recipient of Incremental Support?

<2024B> Attach list of census blocks indicating where funding was spent in year two - 54.313(b)(2)(i). Round 2 recipients only.

<2025A> Round 1 or Round 2 Recipient of Incremental Support?

<2025B> Attach geocoded information for Phase I milestone reports (Round 1 for year three and Round 2 for year two) - Connect America Fund, WC Docket 10-90, Report and Order, FCC 13-

<2015> 2016 and future Frozen Support Certification 47 CFR § 54.313(c)(4)

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Name of Attached Document Listing Required Information

Reservation Telephone Cooperative

Line 310 – Detail on Unfulfilled Service Requests for Voice Service for 2015

In 2015, Reservation Telephone Cooperative (“RTC”) received 615 requests for voice service that could not be fulfilled in a timely manner. RTC is located in the region of North Dakota that is experiencing a population boom due to the Bakken oil industry. The Bakken Oilfield is now producing one million barrels of oil per day and increasing. This production has a direct impact on the increase in population and in turn a demand for RTC's services. As such, people are moving to RTC's service area in unprecedented numbers. RTC tries to accommodate all requests for service as quickly as possible, but the requests outweigh RTC's resources. All 615 requests for voice service were a result of new construction and population growth in the RTC service area. In order to improve its ability to fulfill requests for service, RTC has hired additional employees and invested in additional equipment to help manage service requests. RTC also has a shortened construction season due to harsh climate, which adds to the delay to build lines to new homes in the service area.

Reservation Telephone Cooperative

Line 330 – Detail on Unfulfilled Service Requests for Broadband Service for 2015

In 2015, Reservation Telephone Cooperative (“RTC”) received 509 requests for broadband service that could not be fulfilled in a timely manner. RTC is located in the region of North Dakota that is experiencing a population boom due to the Bakken oil industry. The Bakken Oilfield is now producing one million barrels of oil per day and increasing. This production has a direct impact on the increase in population and in turn a demand for RTC's services. As such, people are moving to RTC's service area in unprecedented numbers. RTC tries to accommodate all requests for service as quickly as possible, but the requests outweigh RTC's resources. All 509 requests for broadband service were a result of new construction and population growth in the RTC service area. In order to improve its ability to fulfill requests for service, RTC has hired additional employees and invested in additional equipment to help manage service requests. RTC also has a shortened construction season due to harsh climate, which adds to the delay to build lines to new homes in the service area.

**Reservation Telephone Cooperative's Demonstration of Compliance with
Applicable Service Quality Standards and Consumer Protection Rules**

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."² The FCC found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."⁴

Reservation Telephone Cooperative ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under federal law and, to a limited extent under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("*2005 ETC Order*").

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

⁴ *Id.* at n. 72.

service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

Reservation Telephone Cooperative's Ability to Function in Emergency Situations

Reservation Telephone Cooperative hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and North Dakota Administrative Code 69-09-05-12. The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is either supplied with permanent standby generators or is generator-ready, and battery back-up that enables the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company's central office can maintain a minimum 8 hours of battery reserve rated for peak traffic load requirements, and an auxiliary power unit is installed which can be delivered and connected within four hours. The Company has permanent generators, and the ability to connect portable generators at all locations. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

March 30, 2016

Mark Fox, Chairman
Three Affiliated Tribes
404 Frontage Road
New Town, ND 58763-9404

Dear Chairman Fox:

Reservation Telephone Cooperative ("RTC"), your independent telecommunications provider serving over 7,000 customers throughout 20 exchanges in Northwestern North Dakota wishes to engage with the Three Affiliated Tribes of the Fort Berthold Reservation about broadband capabilities and potential broadband opportunities on Tribally-owned lands within our service area. RTC wishes to build upon our existing relationship with the Three Affiliated Tribes to ensure that the telecommunications needs of the Three Affiliated Tribes are being met by RTC. Finally, RTC wishes to confirm with the Tribal Council that RTC has consistently and earnestly engaged with officials, residents and businesses of the Fort Berthold Reservation in 2015 on matters related to broadband expansion on Tribal lands.

In November 2011, the Federal Communications Commission ("FCC") comprehensively reformed the Universal Service Fund ("USF") which helps companies like RTC provide state-of-the-art communications services in high-cost and rural areas. Among the reforms, the FCC adopted a rule requiring Eligible Telecommunications Carriers who receive high-cost USF support to engage with Tribal leaders about broadband deployment on Tribally-owned lands and report annually on five specific outreach activities. In July 2012, the FCC's Office of Native Affairs Policy ("ONAP") issued specific guidance on outreach and engagement activities between telecommunications providers and Tribal governments. Outreach and engagement activities must be ongoing, as RTC is required to submit annual reports to the FCC that certify and describe the engagement efforts.

RTC has a long history of dedicated involvement with the Fort Berthold Reservation. RTC has been providing voice telephone service to residents and businesses on the Fort Berthold Reservation since 1951. Approximately 95% of residents have access to high speed internet at speeds of up to 1 Gig. With FTTH, customers can use, participate in, and enjoy broadband-enabled applications such as distance learning and healthcare, streaming HD video, and much more.

In addition to providing state-of-the-art telecommunications services to the Fort Berthold Reservation, RTC actively supports the community through donations and sponsorships. Some of RTC's contributions and community involvement include: local Head Start programs, the Parshall

This institution is an equal opportunity provider and employer.

Resource Center, Tribal Social Services, Red Sage and the Annual Four Bears Benefit Swim, Elders groups, employee appreciation and Christmas parties for tribal employers, among many other things. Thanks to our partnership with BEK Sports we've been able to televise several events happening on the reservation.

Given our pre-existing relationship and that RTC and the leaders of the Fort Berthold Reservation have been actively engaged about broadband deployment for years, we believe that complying with the FCC's Tribal engagement obligations in 2015 was straight-forward for both parties and the requirements can be satisfied by a meeting to review what RTC has done on the Fort Berthold Reservation in 2015 and what needs you may have going forward.

As explained above, RTC is now required to report to the FCC annually on Tribal Outreach activities, and RTC seeks your concurrence that the company considered the following items during interactions with the Tribal government in 2015. Specific examples are provided for each item.

1. Needs assessment and deployment planning focused on anchor institutions:

RTC provides broadband to the following anchor institutions: Three Affiliated Tribes Administration Building, numerous other tribal offices and programs, White Shield School, Mandaree School, New Town Public Schools, Parshall Public Schools, Fort Berthold Community College, Parshall Public Library, New Town Public Library, Elbowoods Memorial Healthcare Center, Minne-Tohe Clinic, Trinity Community Clinic in New Town, Parshall Medical Center, Northeast Segment Health Center, White Shield Clinic, Mandaree Field Clinic, Three Affiliated Tribes Fire Management Program, New Town Fire Department, Parshall Fire Department, New Town ambulance squad, Parshall ambulance squad, Three Affiliated Tribes Police Department, New Town Police Department, and Fort Berthold Rural Water.

Looking forward, RTC is committed to working with the Three Affiliated Tribes to ensure that state-of-the-art broadband services are provided to schools, libraries, health care centers, and Tribal government offices. We are available and willing to discuss options for building or upgrading broadband networks at any of your community's anchor institutions. Additionally, we are interested in learning if residents and businesses on the Fort Berthold Reservation have needs for any of the other services our company provides, such as high definition surveillance cameras, phone systems, TV service, and specialized circuits and internet connections.

Shane Hart

CEO/General Manager

2. Feasibility and sustainability planning:

RTC evaluates potential broadband projects on a number of factors, including whether the project is technically and financially feasible and whether there is an opportunity for a return on investment. RTC is committed to providing broadband to all customers within our service area, which includes a large portion of the Fort Berthold Reservation.

3. Marketing Services in a Culturally Sensitive Manner

RTC has consistently recognized and respected any cultural attributes of the Three Affiliated Tribes in our marketing efforts and when we communicate with the Tribal council. RTC invites members of the Three Affiliated Tribes to keep us informed about cultural events in the community, and we are willing to work with members of the Three Affiliated Tribes to develop marketing materials tailored to your needs. RTC has always employed tribal members and we currently employ 8 tribal members. Two of our customer service locations are located on Fort Berthold: the headquarters in Parshall and our customer service office in New Town. We recently opened a third office in Watford City.

4. Rights of Way and Other Permitting and Review Processes

As RTC has been providing service on the Fort Berthold Reservation for 64 years, we are well familiarized with rights of way and land use permitting processes. RTC wishes to stay informed about rights of way and land use permitting processes so that potential broadband projects can move forward quickly and efficiently.

5. Compliance with Tribal Business and Licensing Requirements

RTC is also well familiarized with your Tribal business and licensing requirements, and responds to them as requested.

Looking ahead, RTC is committed to maintaining a strong relationship and a high level of engagement with the Three Affiliated Tribes. We are interested in working together to develop plans to provide service to all new construction sites on the reservation. We hope that RTC and the Three Affiliated Tribes will collaborate on new ways to bring economic development to the Fort Berthold Reservation by ensuring that residents and businesses have advanced telecommunications and broadband services.

RTC looks forward to a new year of productive and mutually-beneficial engagement with the Three Affiliated Tribes.

Sincerely,

Shane Hart
CEO/General Manager

Reservation Telephone Cooperative (SAC 381623)

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Reservation Telephone Cooperative hereby certifies that throughout 2015, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
