APPLICATION FOR PROTECTION OF INFORMATION

The above-referenced North Dakota Eligible Telecommunications Carriers (“North Dakota ETCs”) respectfully move the Commission for entry of a protective order under § 69-02-09-01 of the North Dakota Administrative Code. The purpose of the requested protective order is to protect against public disclosure of trade secret information as defined by NDCC § 47-25.1-01(4).

1. A general description of the nature of the information sought to be protected.

The purpose of this application is to protect against public disclosure of sensitive and proprietary financial and operational information that was filed June 30, 2016, in an attachment to the FCC Form 481 Eligible Telecommunications Carrier reporting filed with this Commission in the above-referenced dockets pursuant to 47 C.F.R Sections 54.313 and 54.422 of Federal Communications Commission (“FCC”) rules. Protection is

sought for the entirety of the financial statement attachment and the Progress Report on the Five Year Service Quality Improvement Plan.

2. Explanation of why the information derives independent economic value, actual or potential, from not being generally known to other persons.

Financial information is highly confidential, in that it is only known to the North Dakota ETCs and their authorized agents and not available through any source other than the companies or their authorized agents. The FCC recognized in its Protective Order that the financial information required pursuant to section 54.313(f)(2) is especially competitively sensitive and, if released to competitors or those with whom the North Dakota ETCs do business, might allow those persons to gain a significant advantage in the marketplace or in negotiations.¹ The Line 112 Progress Report attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network. The Progress Reports contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area.

3. An explanation of why the information is not readily ascertainable by proper means by other persons.

The confidentiality of the information has been maintained by the North Dakota ETCs. The information is not disclosed to the public or to persons other than employees or authorized agents of the North Dakota ETCs who need to know the information to fulfill their responsibilities in connection with the project or to third persons pursuant to agreement to maintain the confidentiality of the information.

4. A general description of the persons or entities that would obtain economic value from disclosure or use of the information.

Competitive Local Exchange Carriers, potential equipment and material vendors, contractors, and other suppliers of telecommunications services would obtain economic value from disclosure of the financial and operational information.

5. A specific description of known competitors and competitors' goods and services that is pertinent to the filing.

Those persons or entities that could obtain economic value from the disclosure or use of the information are competitors or potential competitors which include wireless providers, cable television providers, competitive local exchange carriers, internet providers, and other local exchange carriers.

6. A description of the efforts used to maintain the secrecy of the information.

The confidentiality of the information has been maintained by the North Dakota ETCs. Access to the information is restricted to management-level employees and the
