**Re: 2016 ETC Annual Report of North Dakota RSA No. 3 of North Dakota
Limited Partnership
Case No. _____**

Dear Sir or Madam:

Enclosed please find the 2016 ETC Annual Report of North Dakota RSA No. 3 of North Dakota Limited Partnership as required by N.D. Admin. Code § 69-09-05-12.1. Certain exhibits to the Annual Report contain information and data considered to be trade secret/confidential under N.D. Cent. Code 44-04-18.4 and N.D. Admin. Code § 69-02-09-01 *et seq.* Accordingly, the following are enclosed for filing:

- one original and one copy of the trade secret/confidential version of the Annual Report, in a separate sealed envelope marked TRADE SECRET – PRIVATE, consistent with N.D. Admin. Code § 69-02-09-02;
- one original and one copy of the public version of the Annual Report (with the trade secret/confidential material redacted);
- one original and one copy of North Dakota RSA No. 3 of North Dakota Limited Partnership's Application to Protect Trade Secret and Confidential Information submitted with the 2016 ETC Annual Report.

Patrick Fahn and John Hamre from the Commission informed us in past years that additional copies of the ETC Annual Report and of the Trade Secret Application need not be filed with the Commission. Also, consistent with the practice in previous years, I will email a PDF copy of the public version of the ETC Annual Report to Mr. Hamre for convenience.

In addition, for confirmation of filing, also enclosed are one copy each of the public version of the Annual Report and of the Trade Secret Application, along with a self-addressed stamped envelope. Please file-stamp these copies of the public version of the Annual Report and of the Trade Secret Application, and return them to me in the self-addressed stamped envelope.

BRIGGS AND MORGAN
Executive Secretary

July 22, 2016

Page 2

Please contact me immediately if there are any questions about this filing.

Sincerely,

Andrew M. Carlson

STATE OF NORTH DAKOTA

BEFORE THE PUBLIC SERVICE COMMISSION

NORTH DAKOTA RSA NO. 3
LIMITED PARTNERSHIP
2015 ETC ANNUAL REPORT

CASE NO. _____

as Required by N.D. Admin. Code
§ 69-09-05-12.1

In accordance with the regulations adopted by the North Dakota Public Service Commission (“Commission”), North Dakota RSA No. 3 Limited Partnership (the “Company”) submits this 2016 ETC Annual Report.

I. BACKGROUND

North Dakota RSA No. 3 Limited Partnership is a limited partnership, organized under the laws of Delaware, that provides wireless telecommunications services in North Dakota. The Company is licensed by the Federal Communications Commission (“FCC”) to provide commercial mobile radio service (“CMRS”) in North Dakota Rural Service Area (“RSA”) No. 3 and serves customers in the following North Dakota counties: Barnes, LaMoure, Dickey, Pembina, Walsh, Nelson, Griggs, Steele, Traill, Ransom, Sargent, and Richland.

The Company has been designated as a competitive eligible telecommunications carrier (“ETC”) in areas of North Dakota pursuant to the Commission’s February 25, 2004 *Designation Order*.¹ The Commission designated the Company as an ETC in certain full and partial study

areas identified in the *Designation Order* (the “Designated Area”). *Designation Order*, pp. 4-9, 13-14. Designation in some areas was contingent on redefinition of the study area requirement by the FCC. The FCC granted redefinition effective September 17, 2004.²

II. THE COMPANY’S ANNUAL REPORT IN ACCORDANCE WITH N.D. ADMIN. CODE § 69-09-05-12.1

N.D. Admin. Code § 69-09-05-12.1 requires an ETC to file with the Commission an annual report on or before August 1 of each year. The Company respectfully submits the following information in satisfaction of the Commission’s annual reporting requirement. By submitting this information, the Company commits to complying with applicable Commission regulations and North Dakota statutes to the extent required by law. Nothing in this submission constitutes a waiver of the Company’s rights under federal law.

A. Report Regarding Federal High-Cost Universal Service Support Received in 2015 and Expected to be Received in 2017

N.D. Admin. Code § 69-09-05-12.1(1) requires an ETC to submit a report describing the amount of federal high-cost universal service support the carrier received in the prior calendar year and how that support was used for the provision, maintenance, or upgrading of the carrier’s facilities and services pursuant to 47 U.S.C. § 254(e). The report must also include an estimate of the amount of federal high-cost universal service support the carrier anticipates receiving in the following calendar year and describe how that support is projected to be used for the

June 17, 2004) (“*Public Notice*”); 47 C.F.R. § 54.207(c)(3)(ii) (because the FCC did not initiate a proceeding, the Petition is deemed effective 90 days after issuance of the Public Notice).

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

provision, maintenance, or upgrading of the carrier's facilities and services pursuant to 47 U.S.C. § 254(e).

The Company has developed a "2016 Report of Federal High-Cost Universal Service Support" ("2016 USF Report") which contains the required information concerning the Company's use of federal high-cost universal service support. The Company's 2016 USF Report is attached as Exhibit A³. In calendar year 2015, the Company received \$4,250,196 in federal universal service high-cost support. For calendar year 2017, the Company projects it will receive approximately \$4,250,196 in federal high-cost support.⁴

The Company's 2016 USF Report includes all information required by N.D. Admin. Code § 69-09-05-12.1(1). It describes how support received in calendar year 2015 was used for the provision, maintenance or upgrading of the Company's facilities and services, including network maintenance and operating expenses, pursuant to 47 U.S.C. § 254(e) and explains any

³ Confidential Exhibits A-1, A-2, and A-3 to the USF Report contain trade secret and confidential information and are accordingly being filed separately in an envelope labeled Trade Secret pursuant to N.D. Cent. Code. 44-04-18.4 and N.D. Admin. Code ch. 69-02-09, consistent with the Commission's March 12, 2008 Order Granting Trade Secret Protection to analogous information provided by the Company in a previous year. *Badlands Cellular of North Dakota Limited Partnership 2007 High-Cost Universal Service Support Annual Report*, Case No. PU-07-587, *North Dakota RSA No. 3 Limited Partnership 2007 High-Cost Universal Service Support Annual Report*, Case No. PU-07-588, *North Central RSA 2 of ND Limited Partnership 2007 High-Cost Universal Service Support Annual Report*, Case No. PU-07-590, *North Dakota 5 – Kidder Limited Partnership*, Case No. PU-07-591, *Northwest Dakota Cellular of North Dakota Limited Partnership*, Case No. PU-07-592, *Bismarck MSA Limited Partnership*, Case No. PU-07-593, Order Granting Trade Secret Protection (March 12, 2008) ("Trade Secret Order").

⁴ In November 2011, the FCC determined that universal service support for competitive ETCs per study area would be frozen, based on a 2011 baseline, and phased down annually from there. See *Connect America Fund et al.*, WC Docket No. 10-90 et al., *Report and Order and Further Notice of Proposed Rulemaking*, FCC 11-161 (rel. Nov. 18, 2011) at ¶¶ 512-519, *aff'd sub nom. In re FCC 11-161*, 753 F.3d 1015 (10th Cir. 2014). The phase-down contemplated in the Connect America Fund Order is currently on hold at the level of 60% of the 2011 baseline, but is subject to change depending on other FCC activity. *Id.* at ¶ 519 (describing how phase-down would be halted if Mobility Fund Phase II was not implemented by June 30, 2014).

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

changes from reports that have been previously provided to the Commission. The 2016 USF Report further includes a projection of how federal universal service high-cost support projected to be received in calendar year 2017 will be used for the provision, maintenance, or upgrading of the Company's facilities and services, including network maintenance and operating expenses. It identifies specific construction or upgrade projects expected to be undertaken in 2017, including a description of each project, a description of how service is expected to be improved by the project, the estimated amount of investment for each project, the geographic location of each project, and the estimated population to be served by each improvement.

B. Outage Information

N.D. Admin. Code § 69-09-05-12.1(2) requires an ETC to include in its annual report detailed information on certain service outages within its Designated Area. Section 69-09-05-12.1(2) does not establish the time period for which an outage report is required. The Company has adopted the prior calendar year as an appropriate time period for providing the outage report. Attached as Confidential Exhibit B⁵ is the Company's Outage Report in satisfaction of this requirement.

C. Unfulfilled Requests for Service

N.D. Admin. Code § 69-09-05-12.1(3) requires an ETC to include in its annual report the number of requests for service from potential customers within the ETC's designated service area that were unfulfilled during the past year, and to detail how the ETC attempted to provide services to those potential customers. Section 69-09-05-12.1(3) does not establish the applicable

⁵ Confidential Exhibit B to the Outage Report contains trade secret and confidential information and is accordingly being filed separately in an envelope labeled Trade Secret, pursuant to N.D. Cent. Code 44-04-18.4 and N.D. Admin. Code ch. 69-02-09, consistent with the *Trade Secret Order*, which granted trade secret protection to analogous information provided by the Company in a previous year.

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

time period for which unfulfilled requests for service must be reported. The Company has adopted the prior calendar year as an appropriate time period for reporting unfulfilled requests for service. The Company certifies that it did not have any unfulfilled requests for service within its Designated Area to report for 2015.

D. Complaints per One Thousand Handsets

N.D. Admin. Code § 69-09-05-12.1(4) requires an ETC to include in its annual report the number of complaints per 1,000 handsets or lines. Section 69-09-05-12.1(4) does not establish the applicable time period for which complaints should be reported. The Company has adopted the prior calendar year as an appropriate time period for providing complaint information. Exhibit D identifies the number of complaints per 1,000 handsets for its Designated Area that the Company received during 2015.

E. Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules

N.D. Admin. Code § 69-09-05-12.1(5) requires an ETC to certify in its annual report that it is complying with applicable service quality standards and consumer protection rules. Pursuant to N.D. Admin. Code § 69-09-05-12(3)(d), a wireless carrier's commitment to comply with the CTIA Consumer Code for Wireless Service ("CTIA Code") within its Designated Area satisfies this requirement. The Company certifies it is complying with the CTIA Code.

F. Certification of Functionality in Emergency Situations

N.D. Admin. Code § 69-09-05-12.1(6) requires an ETC to certify in its annual report that it is able to function in emergency situations. The Company certifies it is able to remain functional in emergency situations within its Designated Area, including that it has a reasonable amount of back-up power to ensure functionality without an external power source, it is able to

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

reroute traffic around damaged facilities, and it is capable of managing traffic spikes arising from emergency situations.

G. Comparable Local Usage Certification

N.D. Admin. Code § 69-09-05-12.1(7) requires an ETC to certify in its annual report that it offers a local usage plan comparable to that offered by the incumbent LECs in its designated service area. The Company certifies it is offering a local usage plan comparable to that offered by the incumbent local exchange carriers serving its Designated Area.

H. Equal Access Certification

N.D. Admin. Code § 69-09-05-12.1(8) requires a wireless ETC to certify in its annual report that the FCC may require it to provide equal access to long distance carriers in the event no other ETC is providing equal access within its designated service area. The Company certifies and acknowledges that the FCC, pursuant to 47 U.S.C. § 332(c)(8), may require it to provide equal access to long distance carriers in the event no other ETC in its Designated Area is providing equal access.

III. CONCLUSION

Based on these certifications, demonstrations and acknowledgements, the Company respectfully states that it has complied with the requirements of N.D. Admin. Code § 69-09-05-12.1.

NORTH DAKOTA RSA NO. 3 LIMITED PARTNERSHIP

**2016 REPORT OF FEDERAL HIGH-COST UNIVERSAL SERVICE SUPPORT
for 2015 and 2017**

I. INTRODUCTION

In accordance with the regulations established by the North Dakota Public Service Commission (“Commission”), North Dakota RSA No. 3 Limited Partnership (the “Company”) submits this 2015 Report of Federal High-Cost Universal Service Support (“USF Report”).

N.D. Admin. Code § 69-09-05-12.1(1) requires an ETC to submit a report concerning the use of federal high-cost universal service support the ETC has received in the prior calendar year and expects to receive in the following calendar year. The Company respectfully submits this USF Report in compliance with the requirements of N.D. Admin. Code §§ 69-09-05-12.1(1).

II. USE OF SUPPORT RECEIVED IN 2015

Pursuant to 47 U.S.C. § 254(e), federal high-cost universal service support may be used by an ETC only for the provision, maintenance and upgrading of facilities and services for which the support is intended. For calendar year 2015, all federal high-cost universal service support the Company received for its Designated Area in North Dakota was used only for either network improvements, such as construction or upgrade projects, or for operating expenses and maintenance or repair of its network, for purposes of providing the supported services in the Company’s Designated Area.

Attached as Confidential Exhibit A-1 is a spreadsheet identifying specific construction or upgrade projects that the Company undertook in its Designated Area in North Dakota in 2015 in order to expand or improve service. For each improvement, the spreadsheet includes a description of the project, the purpose for the project, the amount of investment made in the

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

project, the location of the project, and the estimated population served by the project.¹ [REDACTED]

[REDACTED]

The Company also used some of the federal high-cost universal service support it received in 2015 for operating and maintenance expenses, as contemplated and permitted by 47 U.S.C. § 254(e). The categories of operating and maintenance expenses include the costs of telecommunications, long distance, switching, service allocations, rent and lease payments, buildings and utilities, network and other related support services, and roaming charges associated with providing service. The Company's total operating and maintenance expenses for providing service in its Designated Area in North Dakota for 2015 are included in Confidential Exhibit A-1.

III. UPDATED PROJECTED NETWORK IMPROVEMENTS AND OPERATING AND MAINTENANCE EXPENSE FOR 2016

The Company had previously reported 2016 construction or upgrade projects intended to expand or improve service within its Designated Area in North Dakota. An updated projected network improvement plan for 2016 is attached as Confidential Exhibit A-2. In addition, Confidential Exhibit A-2 also contains an updated estimate of operating and maintenance expenses for 2016. The expense estimate has been updated based upon 2015 actual expenses.

IV. PROJECTED NETWORK IMPROVEMENTS FOR 2017

The Company projects that in calendar year 2017 it will receive approximately \$4,250,196 in federal high-cost universal service support for the provision of service within its Designated Area in the State of North Dakota. The actual amount of federal universal service

¹ The Company has estimated the population covered based on U.S. Census Bureau information. For cell sites, the Company has assumed a radius of signal propagation and has estimated the population residing within the projected coverage.

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

support to be received by the Company may vary from this estimate as universal service funding levels change over time. If the projected amount of support is not received, the Company reserves the right to modify the projects and other information in this Report accordingly.

All federal high-cost universal service support the Company receives in 2017 for its Designated Area in North Dakota will be used only for either network improvements, such as construction or upgrade projects, or for operating expenses and maintenance or repair of its network, for purposes of providing the supported services in the Designated Area.

The Company has identified certain 2017 construction or upgrade projects that are intended to expand or improve service within its Designated Area in North Dakota. Attached as Confidential Exhibit A-3 is a spreadsheet containing detailed information about these projects, including a description of each project, the purpose for each project, the amount of investment expected to be made in each project, the expected location of the projects, and the estimated population to be served by the projects.

The selection of these 2017 facility construction projects is based on the Company's evaluation of many factors, including current consumer demand, competitive forces, and available capital. These and other external factors are not within the Company's control and are subject to change. Such changes may affect the Company's assumptions and calculations of where current network facilities could be improved to provide better coverage and service and where current and projected consumer demand may require increased capacity. As these externally-driven changes occur, the Company will reevaluate and modify its estimates for implementing these projects accordingly. The order in which the Company's 2017 proposed projects will be undertaken has not been finally determined and may be revised over time.

PUBLIC VERSION

CONFIDENTIAL/TRADE SECRET VERSION FILED UNDER SEPARATE COVER

As a result, the content and timing of the 2017 projects in Confidential Exhibit A-3 is subject to change.

The Company will also use some of the federal high-cost universal service support it receives in 2017 for operating and maintenance expenses, as contemplated and permitted by 47 U.S.C. § 254(e). The categories of projected operating and maintenance expenses include the costs of telecommunications, long distance, switching, service allocations, rent and lease payments, buildings and utilities, network and other related support services, and roaming charges associated with providing service. The Company's estimated total operating and maintenance expenses for providing service in its Designated Area in North Dakota in 2017 are included in Confidential Exhibit A-3.
