**STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION**

**BOE Pipeline, LLC
16-Inch Crude Oil Pipeline – Dunn and McKenzie
Siting Application**

Case No. PU-16-94

NOTICE OF FILINGS AND PUBLIC HEARING

March 23, 2016

A public hearing on the applications in Case No. PU-16-94 is scheduled for **May 11, 2016, at 9:00 a.m. MDST (10:00 a.m. CDST) at the Killdeer City Hall, 165 Railroad Street SE, Killdeer, ND 58640.**

BOE Pipeline, LLC (BOE) has filed applications for a certificate of corridor compatibility and a route permit for a 16-inch diameter crude oil pipeline totaling approximately 41.8 miles in length. The pipeline will originate at a terminal (to be constructed) 8 miles east of Johnson's Corner in McKenzie County, North Dakota and extend to the southwest to terminate at the existing BOE terminal southwest of Killdeer in Dunn County, North Dakota, as shown on the attached map. The line will carry crude oil from the new terminal near Johnson's Corner to the BOE terminal in Killdeer which is connected by an existing pipeline to the BOE Rail Hub located southwest of Dickinson, North Dakota. The BOE Rail Hub is a loading facility that provides producers and marketers access to destinations served by local rail.

BOE has also filed an application for waivers of procedures and time schedules established under North Dakota Century Code sections 49-22-07.2, 49-22-08, 49-22-08.1, 49-22-13, and North Dakota Administrative Code sections 69-06-01-02, and 69-06-06 requiring separate filings, separate notices, separate hearings, and certain time schedules.

On March 23, 2016, the Commission deemed complete the applications for a certificate of corridor compatibility and for a route permit.

The issues to be considered in the application for waiver of procedures and time schedules are:

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues to be considered in the applications for a certificate of corridor compatibility and a route permit are:

1. Will the location and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
