SUBJ: Oliver Wind III – Morton & Oliver Counties, ND

Dear Mr. Trumbauer:

Thank you for the opportunity to review the proposed project description and boundary map for the Oliver Wind III Project in Morton and Oliver Counties.

At this time, the NDAC does not have any objections or further comments regarding the project, due to the distance between unconfirmed private airstrips and the proposed project boundary.

We recommend consulting the Federal Aviation Administration (FAA) in ensuring proper protocols are followed regarding airspace analysis, due to the proposed heights of the project's wind turbines.

If you have any questions, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink that reads "Jared L. Wingo".
