**Project: Oliver Wind III, LLC – Oliver III Wind Energy Center – Oliver & Morton
Case No.: PU-16-123**

The Commission's June 22, 2016, Findings of Fact, Conclusions of Law and Order issued Certificate of Site Compatibility No. 49 to Oliver Wind III, LLC for the location of a wind energy conversion facility in Morton and Oliver Counties, North Dakota.

Reclamation and Revegetation

On October 30, 2018, the Commission's third-party inspector filed with the Commission a Reclamation and Revegetation Inspection Report. The Report may be viewed at <https://psc.nd.gov/database/documents/16-0123/153-020.pdf>.

The inspection noted that portions of the Project occurring in range or pasture land had approximately 80-100% ground cover, but were mostly weeds and nonnative species. The recommendation was that continual maintenance be done to encourage the revegetation of desirable species.

Staff requests that Oliver Wind III, LLC respond to the Public Service Commission by January 28, 2022, with a resolution for the issue.

Please feel free to contact me with any questions.

Best regards,

Patrick Fahn
Director, Public Utilities Division
