**Re: Plains Terminals North Dakota, LLC -
Case No. PU-16-140 - Notification of Route
Adjustments under N.D.C.C. § 49-22.1-15**

Dear Mr. Nitschke:

On August 17, 2016, the North Dakota Public Service Commission (“Commission”) issued its Order on Recommended Findings of Fact, Conclusions of Law, and Order (“Order”) granting Certificate of Corridor Compatibility Number 191 and Route Permit Number 203 to Plains Terminals North Dakota, LLC (“Plains”) in the above referenced matter (“Project”). Since issuance of the Order, Plains has determined that corridor and route adjustments within the corridor, or less than 1.5 miles in length outside of the corridor, designated for the Project and additional temporary workspace (“ATWS”) are necessary to accommodate construction activities. No known exclusion or avoidance areas, as defined in North Dakota Administrative Code §§ 69-06-08-02(1) and (2), will be affected by construction activities associated with the corridor and route adjustments and ATWS.

Therefore, enclosed for filing please find an original and ten (10) copies of the following documents in support of Plains’ notification for corridor and route adjustments under North Dakota Century Code §§ 49-22.1-15, 49-22.1-15(1), and 49-22.1-15(3):
