RRS2. Investment In Railroad Property Used In Transportation Service (By Company)

(Dollars in Thousands)

1. Disclose the investment in railway property used in transportation service at the close of the year. This investment represents the aggregate of property owned or leased by the respondent and used in the respondent's transportation service. Do not deduct equipment leased TO others under separate distinct contracts. Exclude equipment leased FROM operating railroads under separate distinct contracts and the investment of other carriers in property used by the respondent.

2. In column (a), classify each company in this schedule as respondent (R), lessor railroad (L), inactive or proprietary company (P), and other leased properties (O).

3. In column (a) to (e), inclusive, first show the data requested for the respondent (R); next the data for companies whose entire properties are used in transportation service of the respondent, followed by data for carriers and others, portions of whose property are used in transportation service of the respondent. Then show, as deductions, data for transportation property leased to carriers and others.

4. In column (c), report the miles of road used. Report miles in whole numbers.

5. In column (d), show the amount applicable on the books of the companies whose names appear in column (b).

6. In column (e), show the amount of depreciation and amortization accrued at the close of the year that is applicable to the property of the carriers whose names are listed in column (b), regardless of where the reserves therefor are recorded.
