We have been working with our ND Registered Agent to finish up the documentation. The ND Sec of State required more documents and they were slow in processing them. Was just informed this morning that this should be cleared up with in the next day or so. ☺

Please let me know if you have any questions or concerns.

Good Morning Jenny

I'm just checking on the status of your company registration with the North Dakota Secretary of State. When I checked yesterday, Scale Center was still registered as being owned by Willis, Inc.

Thank you for your help!

Good Morning Jenny

Please send me a copy of the North Dakota standardized test report. The standardized test report must have your logo at the top of it, so it's personalized for your company. The operator will also receive a copy of it and will have your contact information on the report. Please mail me a sample of the tested and approved sticker (we must have a hard copy of the sticker to make sure it meets the requirement of being able to stand up to the elements) and also a photocopy of the crimper seal.

Just a reminder that the company name on the test report and sticker must match the name registered with the North Dakota Secretary of State.

Please contact me if you have any other questions.

Thank you!

Since we now use the ND Calibration Report do you need a copy of our Calibration Report?  
For the Sticker and Crimper Seal...Can we just email them to you?
