**Discussion**

Master Construction Co., Inc. (Master) is a North Dakota corporation with principal offices at 1572 45<sup>th</sup> St NW, Fargo, ND 58107. Its mailing address is PO BOX 788, Fargo, ND 58107-0788

Montana-Dakota Utilities Co. (MDU) is a foreign corporation authorized to do business in North Dakota.

Commission Advocacy Staff (Staff) conducted an investigation of the alleged violation, including review of the filings and communication with Master, MDU, and North Dakota One Call (NDOC).

North Dakota Century Code section 49-23-04(1) provides:

Except in an emergency, an excavator shall contact the notification center and provide an excavation or location notice at least forty-eight hours before beginning any excavation, excluding Saturdays, Sundays, and holidays, unless otherwise agreed to between the excavator and

operator. If an operator determines more time is necessary for location, the operator may request a twenty-four-hour extension of the excavation or location notice by notifying the notification center. The notification center shall notify the excavator of the extension. An excavation begins the first time excavation occurs in an area that was not previously identified by the excavator in an excavation notice.

North Dakota Century Code section 28-32-22 provides:

Unless otherwise prohibited by specific statute or rule, informal disposition may be made of any adjudicative proceeding, or any part or issue thereof, by stipulation, settlement, waiver of hearing, consent order, default, alternative dispute resolution, or other informal disposition, subject to agency approval. Any administrative agency may adopt rules of practice or procedure for informal disposition if such rules do not substantially prejudice the rights of any party. Such rules may establish procedures for converting an administrative matter from one type of proceeding to another type of proceeding.

North Dakota Century Code section 49-07-01.1 provides:

Any person who violates any statute, commission order, or commission rule which applies to matters within the authority of the commission under chapters 8-08, 8-09, 8-10, 24-09, 32-25, and 51-05.1, titles 60 and 64, and title 49 except for chapters 49-22 and 49-23, shall, in addition to any other penalty provided, be subject to a civil penalty of not to exceed five thousand dollars. A violation occurring under chapter 49-23, in addition to any other penalty, is subject to a civil penalty not to exceed twenty-five thousand dollars. The commission shall develop policies for the assessment of penalties under chapter 49-23 which will take into consideration the severity of damages and the conduct of the offender. The civil penalty may be compromised by the commission. The amount of the penalty when finally determined or agreed upon in compromise, if not paid, may be recovered in a civil action in the courts of this state.

North Dakota Administrative Code section 69-02-04-05 provides:

In any proceeding in which the commission is authorized to act after opportunity for hearing, opportunity is afforded by service of notice fixing a reasonable period of time within which any person desiring to be heard may file a protest or request for a hearing. If a protest or request for hearing is not filed within the time provided, the commission may dispose of the matter on the basis of the pleadings, other submittals, and the studies and recommendations of the staff. A party

not requesting oral hearing in the party's pleading is deemed to have waived a hearing for the purpose of the decision, but not for the purpose of applying for rehearing with respect to the decision. If a person requests a hearing but does not show good cause, the commission may determine the matter without a hearing.

### **Investigation Summary**

Based on its investigation, Staff concluded that on April 21, 2016, Master personnel began an excavation as defined under North Dakota Century Code section 49-23-01(7) while performing phone line installation with a cable plow at the Northwest corner of the intersection of 40th St W and Highway 22 near Dickinson, North Dakota. Master did not provide an excavation notice to the NDOC notification center at any time prior to their excavation in this location.

Based on its investigation, Staff concluded that a 4inch natural gas main line was damaged during this excavation and that the amount of damage was approximately \$16,069. The operator has not been reimbursed for damages. No customers lost service because MDU has a loop feed system in place allowing them to isolate the pipe while still keeping customers online.

Based on its investigation, Staff concluded that there was no agreement between Master and MDU under North Dakota Century Code section 49-23-04(1) prior to excavation that would relieve Master of its obligation to provide excavation notice at least forty-eight hours before the excavation.

Based on its investigation, Staff concluded that the excavation was not being made in a time of emergency under North Dakota Century Code section 49-23-04(4), allowing the excavator to give notification after the start of the excavation.

Based on its investigation, Staff concluded that Master violated North Dakota Century Code section 49-23-04(1) by failing to provide an excavation notice to the NDOC Notification Center at least forty-eight hours before beginning its excavation.

This agreement may be executed in counterparts and duplicate copies, each of which shall be deemed to be an original, and which, when taken together, shall constitute one and the same instrument.

### **Concurrences**

Master and the Commission have agreed to resolve this matter without further administrative proceedings.

In the attached Consent to Entry of Order, Master expressly waives its rights to a hearing in this matter, to consult an attorney, to present argument to the Commission, and
