Geralyn,

From the description provided in the comments section of the Permit PU-16-385, both utility services are about the same distance to the new customer. Nodak also has a power line and customer located in the SW ¼ of section 23! Nodak's estimated cost to for the extension would be about \$9,000.

The new customer, Nick Staloch, would be located in the Nodak service area so we feel Nodak should provide his electric service.

Thank you,

Steve Breidenbach

Subject: Request for Temporary Authority Permit

Good Morning!

Attached is a request from Otter Tail Power Company for Temporary Authority to extend electric service to Nick Staloch, at a location in Griggs County, North Dakota.

Please review this request as soon as possible and let me know whether the Cooperative will protest this application.

Thank you for your attention to this matter.
