**RE: Construction Activity Update Caliber Bear Den Interconnect Pipeline Project – PU-16-420**

Dear Mr. Lein,

For the month of December 2016, Caliber Bear Den Interconnect LLC's (CBDI) currently active pipeline construction project, The Caliber Bear Den Interconnect (PU-16-420) is approximately 90% complete. With the snows and inclement weather in December, the project experienced numerous shutdown days, and work was suspended for the Holidays from 12/23 until 1/2.

The breakdown of construction activities with regards to completeness is highlighted below:

Activity	Percent Complete
ROW/Clearing/Grading	100%
Ditching	90%
Pipe Stringing	100%
Welding	90%
Tie-Ins	90%
Backfilling	90%
Temporary Restoration	90%
Hydrotesting	0%
Final Restoration	0% Will Occur in Spring of 2017

The project should be complete and in service by the end of January 2017, with the majority of final restoration occurring later in the Spring of 2017.

---

CBDI will continue to provide monthly construction updates to the NDPSC and Wenck Associates until final restoration has been completed.

Sincerely,

Skip Vest  
Director, Quality, Health, Safety, Environment, and Regulatory
