Dear Phil:

On June, 29, 2016 and November 1, 2016, a Weightronix portable truck scale (S/N 140615144) for Red River Oilfield Services, Williston, North Dakota was placed in service (tested and approved) without a variance. This is a direct violation of N.D. Admin. Code § 69-10-02-05:

69-10-02-05. Portable pitless scales and portable hopper scales.
A self-contained portable pitless scale and a self-contained portable hopper scale used solely to weigh materials used for government highway construction are exempt from the provisions of this article. **Installation and operation of a self-contained portable pitless scale and a self-contained portable hopper scale for commercial use without a variance permit from the commission is prohibited.** [emphasis added]

As a registered service company, it is your responsibility and duty to know and enforce North Dakota Laws and Rules. Continued failure to comply with North Dakota Laws and Rules may result in Commission action.

The commission may, for good cause, suspend or revoke a registered service company's permit. (N.D. Admin. Code § 69-10-04-03)

If you have any questions, please contact me at 701-328-4097.

Sincerely,
