Re: Glacier Ridge Wind Farm Application for Certificate of Site Compatibility, **Case No. PU-16-539**

Dear Mr. Nitschke:

Attached are the following:

- Fatal Flaw Analysis from February 2009
- Final Layout Site Plan (also indicates participation status of residences)
- Avian Summary Report
- Stage 1 Initial Site Assessment of Eagle Use/Risk
- Bat Acoustic Survey Report
- Additional correspondence from SHSND and Valley City Wetland Management District

We request that these items be added to the case docket. A hard copy of each item will be sent to your office as well. Below is an updated table of reports and other submittals submitted after the permit application was submitted.

Report/Submittal	Date Submitted to PSC
NTIA Response	July 28, 2016
Habitat Mapping	August 2, 2016
NOAA Communications	August 2, 2016
Grouse Lek Survey	Not applicable; habitat not consistent for use. See avian summary report (below) for further detail.
Whooping Crane Assessment	Not applicable; outside migration corridor. See avian summary report (below) for further detail.
