APPLICATION FOR A CERTIFICATE OF SITE COMPATABILITY FOR PROPOSED GLACIER RIDGE WIND FARM, BARNES COUNTY, NORTH DAKOTA

We have reviewed your August 1, 2016, letter.

This project should have no adverse effect on the North Dakota Department of Transportation highways as noted in our June 8, 2016, response; however, please contact the District Engineer for access and utility crossing of any state highway.

Additionally, if because of this project any work needs to be done on highway right-of-way, appropriate permits and risk management documents will need to be obtained from the Department of Transportation District Engineer. John Thompson at 701-845-8800.
