Glacier Ridge Wind Farm Application for Certificate of Site Compatibility, Case No. PU-16-539: Late-Filed Exhibit No. 32

Glacier Ridge Wind Farm, LLC reduced the proposed Project Area for the Glacier Ridge Wind Farm per the Commission's request. The reduced Project Area includes 25,604 acres. The estimated amount of prime farmland soils that would be permanently affected by Project infrastructure remains at 70 acres; therefore, the revised percentage of the Project Area that includes prime farmland soils that would be permanently impacted by Project infrastructure is 0.27 percent.
