

Glacier Ridge Wind Farm  
Motion to Withdraw Exhibits  
Case No. PU-16-539

**STATE OF NORTH DAKOTA  
PUBLIC SERVICE COMMISSION**

Glacier Ridge Wind Farm Application for  
Certificate of Site Compatibility

**CASE NO. PU-16-539**

---

**ORDER GRANTING  
MOTION TO WITHDRAW EXHIBITS**

On September 27, 2016, the North Dakota Public Service Commission conducted a public hearing on Glacier Ridge Wind Farm, LLC's (Glacier Ridge) application for a Certificate of Site Compatibility. At the hearing, and for the benefit of the members of the public attending the hearing, Glacier Ridge introduced and displayed poster sized maps (Exhibits 2a1 and 2a2) that were larger than the size acceptable under N.D.A.C. 69-02-05-07. These exhibits were admitted by this ALJ at the time. Because the poster sized maps are duplicative of exhibits already in the record (Exhibit 2), and in order to conform to N.D.A.C. 69-02-05-07, Glacier Ridge moved to withdraw Exhibits Number 2a1 and Number 2a2 from the record.

The Motion is granted and it will not be necessary for the PSC to save, image or preserve the oversized copies of Exhibit 2 previously marked as 2a1 and 2a2.
