Re: Work Session

Attendees:

Commissioner Christmann
Commissioner Fedorchak
Commissioner Kroshus
Illona A. Jeffcoat-Sacco, General Counsel
Jerry Lein, Public Utilities Analyst
Zachary Pelham, Advisory Counsel

Minutes:

This work session was to discuss a request for hearing received in response to a notice of opportunity that was issued regarding Glacier Wind's application to lift the stay on a decision regarding phase II of the Glacier Wind Project. It was discussed that the hearing request did not bring up any new issues that had not been fully vetted during the original

hearing. Therefore, no additional hearing is needed and the request should be denied.
