#### NOTICE OF INTENT TO REVOKE CERTIFICATE OF SITE COMPATIBILITY December 15, 2021

The Commission's December 7, 2016, Findings of Fact, Conclusions of Law and Order (Order) in Case No. PU-16-539 issued Certificate of Site Compatibility No. 51 to Glacier Ridge Wind Farm, LLC (Glacier Ridge) for the location of Phase I of the Glacier Ridge Wind Farm with locations for up to 52 turbines plus three alternate turbine locations totaling up to 179.4 MW of generating capacity.

Construction began on December 14, 2016. On March 16, 2017, Glacier Ridge filed a construction progress report indicating that at 19 turbine locations, foundations were excavated.

The Commission's September 6, 2017, Findings of Fact, Conclusions of Law and Order (Order) in Case No. PU-16-539 issued First Amended Certificate of Site Compatibility No. 51 to Glacier Ridge to add Phase II of the Glacier Ridge Wind Farm with locations for up to 35 turbines plus nine alternate turbine locations totaling up to 120.75 MW of generating capacity.

On October 4, 2021, in response to a request for information, Glacier Ridge reported that the Glacier Ridge Wind Farm project has been cancelled and construction work will not resume. Glacier Ridge has decommissioned the project by backfilling all turbine foundation excavations and restoring the site to the condition that existed prior to the beginning of construction.

Based on the information enumerated above, the Commission intends to revoke First Amended Certificate of Site Compatibility No. 51 related to the Glacier Ridge Wind Farm.

Those interested are invited to comment in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. support; care coordination; respite care and other supportive services.

*Group provider development grants*  
The department is offering development grants to help build a more robust service provider network to provide in-home and community-based services to qualifying individuals through the Medicaid 1915(i) state plan amendment.

A total of \$80,000 in grants is available, and providers may request up to \$10,000. Interested organizations can learn more online at [www.behavioralhealth.nd.gov/1915grant](http://www.behavioralhealth.nd.gov/1915grant). The deadline to apply is Dec. 30, 2021. If grant funding remains fol-

lowing the Dec. 30 deadline, the department will continue to accept applications until the total funds are awarded.

"This is a wonderful opportunity for North Dakota providers to bill for new services, expand their workforce through nontraditional behavioral health professionals and improve access to services in underserved areas of the state," said Caprice Knapp, North Dakota Medicaid executive policy director.

As of Dec. 1, 2021, there are 40 individuals and 25 group providers enrolled in the Medicaid 1915(i) state plan amendment. For a complete list of providers and services by region,

visit [www.behavioralhealth.nd.gov/1915i-providers](http://www.behavioralhealth.nd.gov/1915i-providers).

During the 2019 legislative session, North Dakota lawmakers authorized the department to create a Medicaid 1915(i) state plan amendment. After gathering input and stakeholder recommendations from six community meetings around the state and a 30-day public comment period, the department submitted its draft state plan amendment to CMS in April 2020. It was approved in December 2020.
