### **Minutes:**

Ms. Cardwell reviewed the Commission's Order item by item. Ms. Cardwell acknowledged that no trees were anticipated to be disturbed by the project, but reminded the Company that an inventory of disturbed shrubs should be made and the replacement requirement is 2 for 1.

Ms. Cardwell reminded the Company of the requirement to file its most recent PHMSA O&M audit, and the Company indicated it would check on the status of the audit and file it when finalized.

Next, Ms. Cardwell reviewed the certification document item by item, with further discussion of the following items:

Item No. 10: Ms. Cardwell reviewed the requirement for monthly construction updates, noting the margin requirements (1.3 inches on the bottom of the first page) for the document and that such updates should be e-mailed to [ndpsc@nd.gov](mailto:ndpsc@nd.gov) and Ms. Cardwell and the Keitu Engineering contacts be cc'd.

Item No. 12: Ms. Cardwell noted that this item, related to winter construction, had been revised from the version appearing in the certification document executed by the company, consistent with the Commission's Order.

Ms. Antognazzi inquired regarding construction timeline, with the Company indicating it would provide several business day's notice of the start of construction to Ms. Antognazzi. Mr. Blikre indicated that he would be the site contact for Ms. Antognazzi.

Ms. Cardwell indicated that a company name and contact information for landowner concerns must appear in the minutes. That information is as follows:

Company contact for landowner concerns:

Nathan Brady  
(720) 452-6221
