**NOTICE OF NONCOMPLIANCE**

**RE: Case No. PU-16-614  
Epping Transmission Company, LLC  
12.75-inch Crude Oil Pipeline – Williams County**

The Commission's January 18, 2017, Findings of Fact, Conclusions of Law and Order in Case No. PU-16-614 issued Certificate of Corridor Compatibility No. 196 and Route Permit No. 207 for the Project.

**As-built GIS data**

Paragraph 33 of the Certification Relating to Order Provisions, attached to and made part of the January 18, 2017, Order, requires that the Company provide the Commission an electronic version of the approved corridor and an electronic version of the as-built facility design specifications within 3 months of the completion of the construction. It appears the Company has not filed this GIS mapping data and is in noncompliance of the Commission's Order.

Staff requests the GIS data be filed with the Public Service Commission by March 17, 2022, to avoid further action due to noncompliance.

Best regards,

Patrick Fahn  
Director, Public Utilities Division
