Todd Kautzman  
Mott Grain Company  
9101 71<sup>st</sup> St SW  
Mott ND 58646

Dear Mr. Kautzman:

Mott Grain Company's Application for Registration as a Registered Service Company to test and approve scales has been reviewed. However, based on the Secretary of State's documented nature of the business, which is fertilizer and chemical sales, grain buying, the application is **denied**. The nature of the business lacks the independence needed to perform the functions of a Registered Service Company in North Dakota.

Your Application for Authority (registered service person permit) is also **denied** because you are not working for a registered service company.

If you would like the Commission to review your application and my decision to deny it, please file a written request for Commission review within 20 days of the date of this letter. If you would like to meet with the Commission to discuss this matter in person, please include that in your request.

Sincerely,

Joshua Gallion, Program Manager  
Weights and Measures Division
