RE: Roving Grain Buyer License Application

Redwood Energy Company, LLC of Mission Kansas, filed a license application to operate as a roving grain buyer in North Dakota. Redwood Energy Company, LLC projects it will purchase 100,000 bushels of grain annually in North Dakota and filed a \$50,000 surety bond.

Redwood Energy Company, LLC notified the Commission it transacted business as a roving grain buyer in North Dakota but it does not owe any money for grain purchases in North Dakota. Redwood Energy Company, LLC told staff it wasn't aware a roving grain buyer license was required in North Dakota because it purchases grain from licensed entities only. Statutory compliance has been met and Staff recommends a roving grain buyer license be issued to Redwood Energy Company, LLC. A corresponding Motion and Order are attached.
