ATTENTION: NEW ANNUAL PERMIT EXPIRATION DATE

N.D. Admin. Code Section 69-10-04-02.2 requires a registered service company to file an annual application for registration as a registered service company.

Previously the expiration date of a registered service company permit coincided with the certification (metrology) due date of the registered service company's standards. Since there can be numerous metrology due dates, a registered service company permit will now expire on December 31 of each year. A renewal notice and application will be sent to each company prior to December 31.

It is the responsibility of the registered service company to ensure its standards are certified annually by a NIST-recognized metrology laboratory as provided for in N.D. Admin. Code Section 69-10-03-02. After certification of the standards has been completed, the calibration reports must be filed with the Commission.

Failure to maintain certification of the standards and submit the calibration reports to the Commission may result in revocation of the registered service company permit as allowed by N.D. Admin. Code Section 69-10-04-03.

If you have any questions, please contact Shelly at 701-328-4070. Thank you.

Dear Joel:

Enclosed is your North Dakota Registered Service Company Permit. The permit is contingent on you obtaining a Tested and Approved sticker that is of sufficient quality that it remains readable and unaffected by the elements. (N.D. Admin. Code § 69-10-01-03)

Please submit a sample of your Tested and Approved sticker that is of sufficient quality that it remains readable and unaffected by the elements to the Commission no later than November 30, 2016. Upon approval of the sticker, all noncompliant Tested and Approved stickers applied to devices must be replaced with the accepted Tested and Approved sticker.

If you have any questions, please call me at 701-328-4070.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Shelly A. Bauske".
