

November 15, 2016

Darrell Nitschke
Executive Secretary
ND PSC
600 E. Boulevard, Dept. 408
Bismarck, ND 58505-0480

Dear Mr. Nitschke,

RTC is notifying the Commission of its intent to raise the Local Service rate for all residential subscribers to \$22.46 effective January 1, 2017. At that time RTC will discontinue the EAS charge of \$3.00. RTC will also be implementing company-wide EAS (extended area service) which allows all RTC subscribers to call any landline telephone number in the RTC service area and for that call to be considered local (no toll charge will apply).

RTC further intends to raise the local service rate for all business subscribers to \$25.00 effective January 1, 2017. At that time RTC will discontinue the EAS charge of \$3.00. RTC will also be implementing company-wide EAS (extended area service) which allows all RTC subscribers to call any landline telephone number in the RTC service area and for that call to be considered local (no toll charge will apply).

These rate increases are in response to the FCC's local service rate floor benchmark of \$20.00 and the ceiling being \$30.00. RTC's compliance with this benchmark ensures its continued receipt of all Federal Universal Service Fund dollars it is entitled to receive. Notifications will be sent to all subscribers December 1, 2016 to give all subscribers a 30 day notice of the impending increase. It is my understanding that RTC needs to notify the Commission 20 days before the effective date of these increases which this writing does. Attached is the updated local service tariff page for RTC. Please let me know if you have any questions or need any further information.

Sincerely,

Shane D. Hart
CEO/General Manager
