Jamestown ND 58401-9604

Dear Mr. Marsolek:

Enclosed is your Registered Service Company annual permit which expires on May 7, 2015.

In a telephone discussion between us, an agreement was reached that, prior to your first anhydrous meter test in 2015 and each year after, your standard must be recertified by a NIST-recognized metrology lab and the metrology lab Calibration Report submitted to the Public Service Commission.

If you have any questions, please call me at 701-328-4077. Thank you.

Sincerely,

Patrick Fahn, Director
Compliance and Competitive Markets
