Hi Shelly!

Our Service Manager just informed me he doesn't want to renew our Weights & Measures license. We haven't done Service work there in about 4 years, and he doesn't foresee any in the future. If we end up scheduling work there in the future, we'll reapply for a license. Is there anything you need from me to cancel this license?

Thank you,

Keri Hankins

Good Afternoon Keri

I received your Application for Registration as a Registered Service Company along with the metrology for your 5 gallon test measure. Do you have current metrology for your 100 gallon prover?

Thank you!
