**RE: Lindahl Wind Project, LLC's Decommissioning Plan & Cost for the Lindahl Wind Farm Project in Williams County, North Dakota
Case No. PU-17-021**

Dear Mr. Kahl:

Lindahl Wind Project, LLC ("Lindahl") was issued a Certificate of Site Compatibility for the Lindahl Wind Project ("Project") on December 2, 2015 and, therefore, is not required to provide decommissioning financial assurance for the Project until after the tenth year of operation (see N.D.A.C. § 69-09-09-07). Per discussions with the North Dakota Public Service Commission ("Commission") Staff, Lindahl will file an updated decommissioning plan for the Project for Commission approval prior to the end of the tenth year of operation, with no updates to the plan required in the interim.

If you have any questions, please let me know.

Sincerely,

MOLLIE M. SMITH
