Re:
Lindahl Wind Project, LLC
Lindahl Wind Project, Williams County
Decommissioning Docket
Case No. PU 17 021

Dear Mr. Kahl,

Lindahl Wind Project, LLC (“Lindahl”) hereby submits for filing in the above-referenced docket an original and one (1) copy of this letter and its Certificate of Operation pursuant to North Dakota Administrative Code § 69-09-09-03. Electronic copies of this letter and the Certificate of Operation were filed today with the Commission via e-mail.

Lindahl was sold in October 2025 and was no longer part of Enel Green Power North America, Inc.’s portfolio for the remainder of the 2025 calendar year. Accordingly, the information provided in the enclosed Certificate of Operation reflects the period during which Lindahl remained under Enel ownership and for which Enel has access to operating information. For the same reason, the reported annual megawatt hour output and capacity factor reflect the January through September 2025 reporting period based on the information available to Enel.

Sincerely,

Natalie Johnson
