**1. Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules for Voice and Broadband Services:**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”<sup>2</sup> The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”<sup>4</sup>

**BEK Communications Cooperative** (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under federal law and, to a limited extent under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price

service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

**1. Ability to Function in Emergency Situations for Voice and Broadband Services:**

**BEK Communications Cooperative** hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)<sup>1</sup> and North Dakota Administrative Code 69-09-05-12. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company's central office can maintain 8 hours, plus or minus 15 percent, of battery reserve rated for peak traffic load requirements, and a permanent auxiliary power unit is installed or a mobile power source is available which can be delivered and connected within four hours. The Company has battery backup at all office locations and in its electronic equipment sites capable of running for a minimum of 8 hours, plus or minus 15 percent. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all

---

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

Central Office locations. They will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year.

The Company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

The Company complies with the FCC's backup power requirements, effective October 16, 2015.

# Lifeline Discount

Lifeline is a government assistance program that offers a discount to qualified customers on their monthly telephone or internet service.

## Who qualifies for Lifeline?

You are eligible for Lifeline Service if your total household income is at or below 135% of the Federal Poverty Guidelines; or if you, your dependent, or your household participates in one of the following programs:

- Medicaid
- Supplemental Security Income (SSI)
- Supplemental Nutrition Assistance Program (SNAP) formerly Food Stamps
- Federal Public Housing Assistance or Section 8
- Veteran's Pension and Survivors Benefit Program

## Are there restrictions?

Lifeline is only available on one wireline, one wireless telephone or internet service per household.

Customers may not transfer their Lifeline benefits to another person, even if the other person is eligible. Each year, Lifeline customers must certify that they are still eligible for the discount. Customers who willfully make false statements in order to obtain the benefit are subject to fine or imprisonment or may be barred from the program.

## How do I apply for Lifeline?

Customers must enroll in Lifeline service and must provide proof of eligibility before receiving support. To apply for Lifeline or for details about these programs, you may print the [application](#) or contact us for more information.

**BEK Communications Cooperative (SAC 381604)**

**Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))**

BEK Communications Cooperative hereby certifies that throughout 2016, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, the Company offers broadband service at the highest available speed.
