Re: CenturyLink 2017 Federal ETC filing

Dear Mr. Nitschke:

On November 18, 2011, the Federal Communications Commission ("FCC") released its *USF/ICC Transformation Order* in WC Docket No. 10-90, et al. With that Order, the FCC began a transition to a national framework for certification of Eligible Telecommunications Carriers ("ETCs") and set forth a standard set of information that all ETCs must file with the FCC by July 1st of each year; however, for 2017, this date has been extended to July 3rd. The Order also required ETCs to provide the same information to the respective state commissions.

The annual ETC reporting requirements are contained in 47 C.F.R. § 54.313 of the FCC's rules. For the reporting of the data and certifications required by 47 C.F.R. § 54.313 and 54.422, the FCC has developed a reporting template, Form 481, to be utilized by ETCs.

Included in the Form 481 information and for administrative ease in reporting Connect America Fund Phase 1 Incremental Support Program Round 2 information, USAC requested a cumulative filing depicting the full program enablement to be reported in year three.

CenturyLink uploaded its 2015 and 2016 Connect America Fund Phase II location information to the new Universal Service Administrative Company ("USAC") High Cost Universal Broadband ("HUBB") reporting portal. USAC is also developing this portal to allow reports to be generated by State Commissions and any interested party. USAC has not identified when that capability will be available, but is working to have it available prior to this year's October 1 ETC certification filing deadline.

Enclosed is Form 481 for Qwest Corporation-North Dakota d/b/a CenturyLink QC, as filed by CenturyLink with the FCC on or before July 3. The outage information that is customer or company proprietary information provided in response to § 54.313 (a) (2) and (9), the detailed broadband speed availability information at the exchange level provided in response to 54.313(a)(7), and the CAF II capital expenditures in response to 47 C.F.R. 54.313 (e)(1)(B) are

confidential. CenturyLink requests that this information to be treated as Protected Information-Private. Also enclosed is an Application to Protect Information.

Consistent with past years, CenturyLink requests that the Commission certify to the FCC pursuant to 47 C.F.R § 54.314 by October 1, 2017 in order for CenturyLink to continue receiving Federal high cost support in North Dakota.

Please do not hesitate to contact me should you have any questions regarding this filing.

Sincerely,

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink, Inc. has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's tariff or local terms of service contain the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential voice service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff or local terms of service that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (220) Outages are reported using the criteria provided in 47 C.F.R. §54.313. This differs from the criteria in 47 C.F.R. §4.5, which is the basis for reporting outages to the Federal Communications Commission. Therefore, some outages may not have Network Outage Reporting System (“NORS”) numbers.
2. (220) Where outages extended beyond CenturyLink customers and/or study areas, the total number of served customers within the study area that were potentially impacted was reported.
3. (300) – (310) and (320) – (330) CenturyLink is reporting any outstanding requests for voice service or broadband service from 2016 that are unfulfilled at the time of this filing. Orders resolved during the year are not reported, including unfulfilled orders that were cancelled by the customer.
4. (400) – (410) and (430) – (440) Complaints per 1,000 voice access lines or per 1,000 broadband customers are reported as complaints to any federal and/or state agencies. The actual number of complaints was reported if a study area had less than 1,000 customers.
5. (510) and (610) Sections 54.313(a) (5) – (6) require ETCs to make certifications as to their compliance with applicable service quality standards and consumer protection rules, and their ability to remain functional in emergency situations as set forth in section 54.202(a) (2). Certifications are attached.
6. (515) This question is not applicable. This company is a high-cost recipient.
7. (711) CenturyLink is reporting a-la-cart and data-only broadband rates that meet or exceed both the download speed of four mega bits per second and upload speed of one mega bit per second. Upload speeds of 768K or below are not included in this report.
8. (810) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, and affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
9. (810) – (813) and (1210) – (1223) CenturyLink is a designated eligible telecommunications carrier that receives Universal Service Support for High Cost Areas under 47 C.F.R. 54 subpart D. Therefore, CenturyLink is only subject to subpart (a) of 47 C.F.R. §54.422 as it applies to this filing.
10. (921) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction. If in 2016, the carrier offered to discuss the points listed in 47 C.F.R. §54.313(a) (9) to at least a majority of federally recognized tribes served in a study area, lines 921-929 were marked with a “yes” response.
11. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service

credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.

12. (1010) 47 C.F.R. §54.313(a) (10) requires a certification that the pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. The certification is attached.

13. (1030) 47 C.F.R. §54.313(a) (12) requires a certification that the pricing of a service that meets the Commission's broadband public interest obligations is no more than the applicable benchmark to be announced annually in a public notice issued by the Wireline Competition Bureau, or is no more than the non-promotional price charged for a comparable fixed wireline service in urban areas in the states or U.S. Territories where the eligible telecommunications carrier receives support. The certification is attached.

14. (1130) This question is not applicable. This company has existing terrestrial backhaul options.

15. (2011), (2015), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

16. (2011) An affirmative response indicates Connect America Fund Phase 1 Incremental Support Program Round 2 funding was received by the respective study area and/or locations were enabled within the study area.

17. (2015), (2017) – (2018) Connect America Fund Phase 2 program (including phase-down support) acceptance and commitments are at a state-wide level. State level reporting is recorded on one study-area per state.

18. (2017c) Reported capital expenditures represent investments in specific Connect America Fund Phase 2 (“CAF II”) projects. There may be additional investments in facilities which would benefit CAF II areas that are not reflected in this response.

19. (2018) CenturyLink has provided Connect America Fund Phase 2 community anchor institutions that were enabled and listed as anchor institutions on the National Broadband Map.

20. (2023) – (2025) For administrative ease in reporting Connect America Fund Phase 1 Incremental Support Program Round 2 information, USAC requested a cumulative filing depicting the full program enablement to be reported in year three. Network utilization and other factors may impact broadband service at current and previously reported locations.

21. (3009) – (3034) These questions are not applicable. This company is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.

22. (4001) – (4005) These questions are not applicable. This company is not a Rural Broadband Experiment participant.

23. Effective January 1, 2017, eight Louisiana ILECs have merged into CenturyTel of Evangeline, LLC with study area code 270434. Following the merger, CenturyTel of Evangeline, LLC changed its name to CenturyLink of Louisiana, LLC. Form 481 reports for the filing due in July 2017 are filed on a pre-merger basis. In future filings, the merged companies will be reported as one entity.
