RE: Arrow Field Services, LLC - Case No. PU-17-048 - Notification of Adjustment under N.D.C.C. §§ 49-22.1-15 and 49-22.1-15(3)

Dear Mr. Nitschke:

On June 30, 2017, the North Dakota Public Service Commission (“Commission”) issued its Order on Recommended Findings of Fact, Conclusions of Law and Order (“Order”) granting Certificate of Corridor Compatibility Number 199 and Route Permit Number 210 to Arrow Field Services, LLC (“Arrow”) for the project.

Since issuance of the Order, Arrow determined that a route adjustment was necessary to facilitate third party interconnects with the Project. On September 22, 2017, Arrow provided initial notice of the route adjustment to the Commission pursuant to N.D.C.C. §§ 49-22.1-15(3). Arrow has also determined that additional temporary workspace is required to safely bore multiple pipelines in the area for construction of the interconnects.

Therefore, enclosed for filing please find an original and ten (10) copies of the following documents:

- Certification of Applicant, with accompanying exhibits:
 - Exhibit A: Project Adjustment Map;
 - Exhibit B: Addendum to the Natural Resources Report;
