NOTICE OF NONCOMPLIANCE

**RE: Case No. PU-17-51
NuStar Pipeline Operating Partnership L.P.
Mapleton Terminal – Cass County**

The Commission's April 28, 2017, Order in Case No. PU-17-51 issued First Amended Certificate of Corridor Compatibility No. 181 and First Amended Route Permit No. 193 for the Project. The Order stated that "[E]xcept to the extent superseded by this Supplemental Order, NuStar shall comply with all provisions of the Commission's February 24, 2016, Findings of Fact, Conclusions of Law and Order, including the Certification Relating to Order Provisions – Transmission Facility Siting, issued in Case No. PU-15-674.

As-built GIS data

Paragraph 32 of the Certification Relating to Order Provisions, attached to and made part of the February 24, 2016, Order, requires that the Company provide the Commission an electronic version of the approved corridor and an electronic version of the as-built facility design specifications within 3 months of the completion of the construction. It appears the Company has not filed this GIS mapping data and is in noncompliance of the Commission's Order.

Staff requests the GIS data be filed with the Public Service Commission by February 25, 2022, to avoid further action due to noncompliance.

Best regards,
