RE: Response to Great Plains Natural Gas Compliance Filings  
Case No. PU-17-75

On January 11, 2019 Great Plains Natural Gas (GP) filed tariffs, rates, and supporting work papers in compliance with the commission's Order dated January 9, 2019. On January 17, 2019 GP filed a revision for rate 80 to correct an error found in the review. Staff has reviewed the filings to ensure that the new tariffs and rates will decrease revenues by \$168,306 in compliance with the settlement agreement and commission order, and that changes in the tariff language are reasonable and appropriate. Staff believes that GP's filings comply with the commission's Order and recommends approval of the tariffs and rates with an effective date of February 1, 2019.

In addition, on January 15, 2019 GP submitted a proposed refund plan for approval in compliance with the commissions January 9, 2019 Order. Staff has reviewed the plan and believes it complies with the terms of the settlement agreement and the commission's order. Staff recommends approval of the refund plan, with the final refund amounts to be calculated using the amount collected through the final date of old rates and refunds to be issued by April 15, 2019.
