RE: Response to Great Plains Natural Gas revised Compliance Filing
Case No. PU-17-75

On January 15, 2019 Great Plains Natural Gas (GP) submitted a proposed refund plan for approval in compliance with the commissions January 9, 2019 Order.

On January 18, 2019 Staff filed a Memo recommending approval of the refund plan.

On January 23, 2019 the Commission approved the refund plan.

On February 5, 2019 it was discovered that there was an error page 2 of the refund plan whereby the year 2019 was referenced rather than 2018. This error would have made the refund of 2018 revenues applicable to customer usage for January 2019 rather than the period of January 2018 through January 2019 as was specified in the settlement agreement.

On February 5, 2019 GP filed a revision to their refund plan due to the above mentioned clerical error. Staff has reviewed the revision and believes it complies with the terms of the settlement agreement and the commission's order. Staff recommends approval of the revised refund plan, with the final refund amounts to be calculated using the amount collected through the final date of old rates and refunds to be issued by April 15, 2019.
