KLJ Right of Way Services

2629 Airport Road

Helena, Mt 59601

Dear Sir:

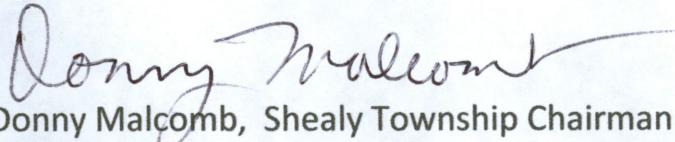

Thank you for notifying our township of the proposed Cenex pipeline crossing our township. I am enclosing a copy of our zoning rules pertaining to pipelines. I believe you will see that they are simple and basic.

Our main concern is that the pipeline will be crossing one of our improved township roads. This road is located between sections 1 & 2 of our township. We will be concerned about the excavation needed at the pipeline crossing, its repair etc. We will also be concerned about the excess traffic and added weight that may be necessary to move equipment, pipe, and other materials to place the pipeline. We would like to see the road left as in its current condition.

We do have a \$350 permit fee for commercial entities. Enclosed also please find our permit application.

If you have more questions or need more information please contact myself at 701-453-3285.

Yours truly,

Donny Malcomb, Shealy Township Chairman
